

Guidance for Applicants

Places of Worship

Pen y Cymoedd Wind Farm Community Fund recognises and values the wide-ranging community contributions made by places of worship. Applications for projects and activities related to buildings of this kind can be considered for either a Micro or Vision Fund grant award.

The Fund is not able to fund activities that are exclusively party political or religious, so in addition to meeting general requirements, any proposal relating to a Place of Worship will need to demonstrate that:

- Buildings themselves and any funded assets would be available for wider community use and benefit, in addition to their use for core religious activities and services.
- any project or programme supported within a place of worship must welcome and be completely open and available to *all* community members, including LGBT+ groups.

NB: compliance with this guidance note does not guarantee that an application will be successful – it just gives an indication of our assessment process and criteria.
